

Viñedo CHADWICK

Puente Alto D.O., Maipo Valley

Viñedo Chadwick is a tribute to Don Alfonso Chadwick that showcases the tradition and expertise of the Chadwick family in producing fine wines. The vineyard, originally his personal polo field, is considered the cradle of world-class Cabernet Sauvignon in Chile. Located in Puente Alto D.O. Maipo Valley, Viñedo Chadwick made history at the legendary 'Berlin Tasting' in January 2004, in which Viñedo Chadwick 2000 was placed first, above the Super Tuscans from Italy, and the First Growth wines from Bordeaux of that vintage.

Vintage 2020

A challenging season where we faced warmer and drier conditions that required precise viticultural management to excel. And so, a balanced ripening of the grapes rewarded us with a beautifully intense wine, elegant tannins and great complexity.

The trend of limited water reserves continued into this season, so it was essential to irrigate during winter to ensure good bud break, which began on September 20th, as usual. The warm spring resulted in perfect conditions for a very healthy and homogeneous flowering and veraison which finished on January 15th, ten days earlier than usual.

The remarkable balance of Viñedo Chadwick's terroir given its proximity to the Andes, its gravel soils and the precise work of our team, benefited the ripening period giving way to a very gentle maturation. The fruit achieved a perfect equilibrium between its phenolic development and the accumulation of sugars. Our team decided to anticipate harvest to pick at our desired level of maturity from March 12th and 29th conserving fresh aromatic compounds and good acidity.

This is a vintage of exceptional quality from a ripe year, with slightly lower yields. A delightfully expressive wine with depth and concentration, very elegant tannins, multiple layers of complexity, deep colour, freshness and purity.

Varietals: 100% Cabernet Sauvignon

Ageing: 22 months, 75% in new French oak barrels and 25% in foudres.

Alcohol: 13°

"Viñedo Chadwick 2020 displays an intense ruby red colour with violet shimmer. The nose exhibits great complexity with different layers of fresh red fruit, cacao, nutmeg and subtle balsamic notes. The palate is alluring with red and black fruits, suggesting cassis and a touch of dark chocolate mixed with sweet spices. This Viñedo Chadwick is a complex wine with great density, juicy freshness and fine-grained tannins that arouse a chalky texture. Its intensity delights on the mouth with a persistent finish and pronounced depth."
